

Bennett University

Fees and Payment Guide

For 2027 applicants | Published academic schedule: AY 2026-27

The guide separates tuition, registration, refundable security, annual charges and hostel. Amounts use the official fee schedule; a dated 2027 tariff is not announced here. Global course amounts cover only the published India study years.

CSE: what the full amount includes

CSE payment	Four-year amount
Tuition	INR 15,70,000
Examinations: INR 12,000 a year	INR 48,000
Co-curricular: INR 3,000 a year	INR 12,000
Sports: day scholars only, INR 26,000 a year	INR 1,04,000
Registration, once	INR 45,000
Refundable academic security, once	INR 30,000
Degree digitisation + alumni, once	INR 4,000
Full day-scholar academic payments	INR 18,13,000

At admission and in year one

Registration and security together are **INR 75,000 once**. They are included in first-year cash payments. The university offer states the tuition instalment and due date; the annual tariff is not one universal admission-day payment. Any application amount shown in the portal is a separate payment.

First-year CSE academic payments are **INR 4,96,000 for a day scholar**, or **INR 4,70,000 for a hostel resident**. The triple room adds INR 1,70,000, making INR 6,40,000 for the first residential year.

CSE Year-wise Payments

Year	Tuition	Day-scholar academics	Residential academics	With triple room
1	INR 3,80,000	INR 4,96,000	INR 4,70,000	INR 6,40,000
2	INR 3,90,000	INR 4,31,000	INR 4,05,000	INR 5,75,000
3	INR 4,00,000	INR 4,41,000	INR 4,15,000	INR 5,85,000
4	INR 4,00,000	INR 4,41,000	INR 4,15,000	INR 5,85,000

Annual rows include registration and security in year one. **INR 4,000 degree and alumni charges** are included in full academic totals but not assigned to a year because the source does not state when they are collected. Adding them to the annual academic rows reconciles the full total.

Hostel choices and the optional increase budget

Room	Current annual rate	Course scope
On-campus triple occupancy	INR 1,70,000	Listed degree schedules
MBA on-campus twin occupancy	INR 2,25,000	MBA schedule

The schedule permits a hostel increase of **up to 7% per year**. The planner defaults to current rates and lets you choose the maximum-increase budget. The public course table does not itemise a separate mess price; add a meal amount only if it is separately charged in the accommodation offer.

CSE with four triple-room years	Combined amount
Current room rate in all four years	INR 23,89,000
Maximum 7% annual hostel increase budget	INR 24,63,790

Both remove the day-scholar sports charge. The 2026 admission notice says university accommodation was unavailable for students admitted after **25 July 2026**. This is not a 2027 deadline.

Annual and one-time charges

Examination charges are collected as two INR 6,000 instalments at semester registration. Day-scholar sports charges are two INR 13,000 instalments. Co-curricular charges are INR 3,000 per academic year. Registration, security, degree digitisation and alumni are one-time charges. University transport is charged by distance and semester, rather than one common flat fee.

Main Course Costs

Degree	Duration	Tuition together	Day-scholar academics
B.Tech CSE	4 years	INR 15,70,000	INR 18,13,000
MBA	2 years	INR 12,00,000	INR 13,61,000
BCA	3 years	INR 5,70,000	INR 7,72,000
BBA	3 years	INR 9,73,500	INR 11,75,500
BA LL.B (Hons.)	5 years	INR 18,00,000	INR 20,84,000
MCA	2 years	INR 4,00,000	INR 5,16,000

Scholarships

The CSE best-three / CUET score scheme starts 10%, 20%, 30% and 50% tuition bands at 81, 86, 91 and 95. The JEE Main percentile route starts those bands at 65, 70, 75 and 90. Awards depend on the scheme, availability and the final offer. The published renewal condition is **CGPA 8/10**. Hostel and other non-tuition items are separate.

Global programmes

Global CSE and design entries price the Indian study portion, usually two years. The three-country BBA prices one Indian year. The foreign university tuition, travel and living bill is not itemised in the Indian schedule, so the catalogue does not call those amounts a complete multi-country degree cost.

Course Fee Catalogue

The catalogue has 64 compiled degree, specialisation and global fee entries. Full academic figures are day-scholar payments at the published rates; they include the listed security and one-time charges. India-only pathways retain their limited scope. Hostel and application payments are outside these amounts.

Course / specialisation	Years priced	Academic payments	Scope
B.Tech CSE	4	INR 18,13,000	Full academics
